JEWELRY FOR HOME

Sistema modular formado por baldas y tramos de distintas longitudes.

El conjunto se sostiene gracias a un eje central en el que de forma alterna se instalan baldas fijas a la pared y baldas libres, dotando a la estructura de rigidez a la vez que dinamismo.

Colección totalmente versátil que permite instalarse en cualquier posición, tanto a suelo como a techo.

Nomon dispone de un configurador online de estanterías Única en la siguiente dirección:

<https://nomonhome.com/configurator/model/estanteria>

It is a modular system consisting of shelves and rods of different sizes.

The system stands thanks to a central base in which you can alternate fixed shelves to the wall with floating shelves, providing strength and flexibility to the structure at the same time.

It's a very versatile collection that allows installation in any position to the floor or to the ceiling.

Nomon has an online Única shelving system configurator at the following address:
